

Dimock Proud!

*Where the water IS clean
and the people are friendly.*

Enough Is Enough in Dimock!

To: Pennsylvania Department of Environmental Protection

We object to your agency inserting itself into a legal dispute to the detriment of our township of Dimock. Cabot and the DEP entered into an agreement to resolve outstanding issues regarding some of its early wells. Cabot met these terms and the DEP, therefore, released Cabot from its obligations to deliver water to affected homeowners. These homeowners have been offered both treatment systems and financial settlements, which several accepted. Your agency is now relying upon hyped-up allegations regarding arsenic, manganese and sodium, all of which are known to be naturally occurring in our water supplies in Northeastern Pennsylvania, to create a weapon for the use of trial lawyers determined to disparage our community. These actions are an assault on our property rights and basic freedoms. It's time to resume drilling in the Dimock 9-mile area. We are beginning to feel that our lease rights are being illegally blocked by the DEP. Enough Is Enough!
